Chrysler Muskegon vs. Chrysler Grand Haven vs. Grand Haven Ford · Sat Sep 26 – Wed Sep 30, 2026 · ends **Wed Sep 30, 11:59:59 PM ET** · **\$10,500 prize pool** (\$3,500 from each store) · Live board + countdown on your phone.

THE HUDDLE VERSION

Five days. Sell new, hold used gross, **set appointments** (they count **Sat 9/26 – Tue 9/29**). Every deal and appointment moves **your store** up the board *and* puts **you** in the running for cash: six ways to get paid, a **Daily Hot Shot** every day, and a store battle scored on **% of your own store's targets**.

SIX WAYS TO GET PAID (PAYOUT TABLE)

PRIZE	HOW TO WIN IT	PAYS	TOTAL
 Store Battle ("The Throwdown")	Highest store score = $\frac{1}{3} \times (\text{new units} \div \text{new target}) + \frac{1}{3} \times (\text{used gross} \div \text{used-gross target}) + \frac{1}{3} \times (\text{appointments} \div \text{appointment target})$	1st store \$2,500 , 2nd store \$1,000 , 3rd \$0. Split evenly among the store's qualified reps	\$3,500
 New Unit King	Most new units, all 3 stores on one board	\$2,000 to the top rep	\$2,000
 Used Gross Boss	Most used-car front gross, all 3 stores	\$2,000 to the top rep	\$2,000
 Appointment Ace	Most appointments set Sat 9/26 – Tue 9/29 , all 3 stores	\$1,500 to the top rep	\$1,500
 Store MVP	Most Showdown Points <i>at your own store</i> (2 pts per new unit + 1 pt per \$1,000 used gross + 0.5 pt per appointment)	\$250 × 3 stores	\$750
 Daily Hot Shot	Most Showdown Points that day (same points as Store MVP), all 3 stores	\$150 × 5 days (Sat 9/26 – Wed 9/30)	\$750
Total	3,500 + 2,000 + 2,000 + 1,500 + 750 + 750	= 3 stores × \$3,500	\$10,500

- **Appointments** only count when dated **Sat 9/26 through Tue 9/29**. An appointment = a customer appointment the rep **set** that day and logged in the CRM, counted by the manager. **[A]** Appointments entered for Wed 9/30 don't count.
- **Team pot:** split evenly among every rep on the winning store's roster with **at least 1 counted unit** (new + used, splits = 0.5). With 7 qualified reps: 1st = **\$357.14 each**, 2nd = **\$142.86 each**.
- **Stacking is allowed:** one rep can win team, individual, MVP and Hot Shot money.

DEAL-COUNTING RULES

- A deal counts on its **delivery date**: sold, delivered and posted in the DMS. **Retail only**; fleet, wholesale and dealer trades don't count. **[A]**
- **New units:** 1 per new vehicle. **Split deal = 0.5 each** (max 2 reps per deal).
- **Used gross** = front-end gross as posted in the DMS, after pack, **excluding F&I/back-end**. **[A]** Deals that lose money count as negative gross. A split used deal = 0.5 unit, and each rep gets **half the gross**.
- **Unwinds are removed** from the board and all standings recalculate. Unwinds after payout follow normal chargeback policy. **[A]**
- Store managers enter each day's deals and appointments **the same night or by 10 AM the next day**.
- **Final lock:** Mon **Oct 5, 5 PM** after each GM checks the board against the DMS/CRM. **[A]** Paid on the next payroll as taxable wages. You must be employed on the payout date. **[A]**
- A rep who leaves keeps counting for the store total but can't win individual prizes.

TIE-BREAKS (PLAIN & FINAL)

- **New Unit King:** more used gross wins. **Used Gross Boss:** more new units wins. **Appointment Ace:** more new units, then more used gross. **Store Battle:** higher new-unit % of target wins.
- **Daily Hot Shot:** more new units that day, then more used gross that day. **Store MVP:** more new units. If still tied, the tied people **split** the prize money.
- **Nothing goes unpaid:** a prize nobody qualifies for (e.g., the Hot Shot for **closed Sunday 9/27**) rolls into the 1st-place store's team pot.
