

LAKE SHORE SHOWDOWN – OCTOBER 2026 SALES SPIFF

Chrysler Muskegon vs. Chrysler Grand Haven vs. Grand Haven Ford · Oct 1–31, 2026 · **\$10,500 prize pool** (\$3,500 from each store) · Live leaderboard on your phone, updated every morning.

THE HUDDLE VERSION

Sell new cars. Hold used gross. Every deal moves **your store** up the board *and* puts **you** in the running for cash. Six ways to get paid, weekly bounties so every week matters, and a store battle scored on **% of your own store's target**, so a smaller store can beat a bigger one.

SIX WAYS TO GET PAID (PAYOUT TABLE)

PRIZE	HOW TO WIN IT	PAYS	TOTAL
🏆 Store Battle ("The Throwdown")	Highest store score : $50\% \times (\text{new units} \div \text{store's new target}) + 50\% \times (\text{used gross} \div \text{store's used-gross target})$	1st store \$3,000 , 2nd store \$1,500 , 3rd \$0. Split evenly among the store's qualified reps	\$4,500
🚩 New Unit King	Most new units, all 3 stores on one board	\$1,000 / \$600 / \$400	\$2,000
💰 Used Gross Boss	Most used-car front gross, all 3 stores	\$1,000 / \$600 / \$400	\$2,000
★ Store MVP	Most Showdown Points <i>at your own store</i> (2 pts per new unit + 1 pt per \$1,000 used gross)	\$250 × 3 stores	\$750
🎯 Weekly Top Gun	Most new units in the contest week	\$125 × 5 weeks	\$625
🐟 Weekly Big Fish	Biggest single used-car gross deal of the week	\$125 × 5 weeks	\$625
Total	4,500 + 2,000 + 2,000 + 750 + 625 + 625	= 3 stores × \$3,500	\$10,500

- **Contest weeks:** W1 Oct 1–7 · W2 Oct 8–14 · W3 Oct 15–21 · W4 Oct 22–28 · W5 "Closing Bell" Oct 29–31.
- **Team pot:** split evenly among every rep on the winning store's roster with **at least 1 counted unit** (new + used, splits = 0.5). With 7 qualified reps: 1st = **\$428.57 each**, 2nd = **\$214.29 each**.
- **Stacking is allowed:** one rep can win team, individual, MVP and bounty money.
- **Why it's fair to smaller stores:** the store battle uses each store's own target, every store crowns its own MVP, and the board also shows per-rep averages.

DEAL-COUNTING RULES

- A deal counts on its **delivery date**: sold, delivered and posted in the DMS. **Retail only**; fleet, wholesale and dealer trades don't count. [A]
- **New units:** 1 per new vehicle. **Split deal = 0.5 each** (max 2 reps per deal).
- **Used gross** = front-end gross as posted in the DMS, after pack, **excluding F&I/back-end**. [A] Deals that lose money count as negative gross. A split used deal = 0.5 unit, and each rep gets **half the gross**.
- **Unwinds are removed** from the board, including from earlier weeks, and all standings and bounties recalculate. Unwinds after payout follow normal chargeback policy. [A]
- Store managers enter each day's deals **by 10 AM the next day** (the entry screen defaults to yesterday).
- **Final lock:** Wed **Nov 4, 5 PM** after each GM checks the board against the DMS. Paid on the next payroll as taxable wages. You must be employed on the payout date. [A]
- A rep who leaves keeps counting for the store total but can't win individual prizes.

TIE-BREAKS (PLAIN & FINAL)

- **New Unit King:** more used gross wins. **Used Gross Boss:** more new units wins. **Store Battle:** higher new-unit % of target wins.
- **Top Gun:** more used gross that week. **Store MVP:** more new units. If still tied (or for **Big Fish**), the tied people **split** the prize money for the places they hold (two tied for 1st split 1st + 2nd).
- **Nothing goes unpaid:** a prize nobody qualifies for (e.g., no used deals in a week) rolls into the 1st-place store's team pot.
